

### Follow efficiently the company instrument trays loans

ChronoMEDIC traceability solution system to manage the loans of instrument tray is used to track the receipt, use and return to the supplier of the trays that are loaned to your hospital center.

**The system maintains a complete transactions history including receipt and shipping photos.**

#### PRODUCTION

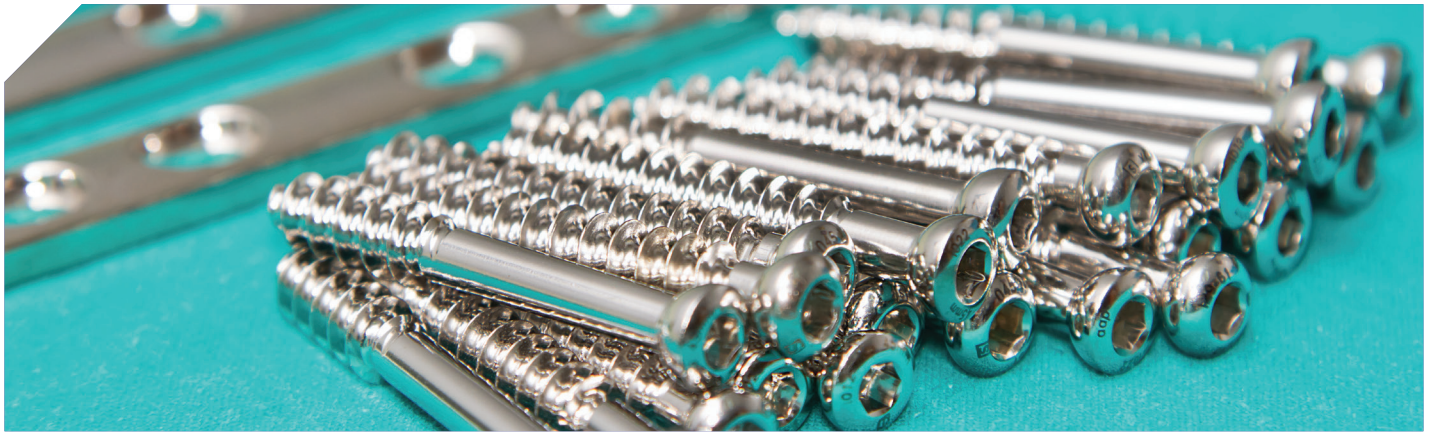

- Manage, receptions and returns of the company instrument trays loans;
- Creation of a technical sheet of loans;
- Take photos at reception and return for content validation;
- Possibility to import supplier instructions;
- Possibility to use a tray, technical sheet of a previous loan to speed up the reception.

#### TRACEABILITY AND HISTORY

- Tracking of trays reprocessing, assembly, sterilization, distribution and use;
- Tracking of loans and returns: per date and time including identification photos, number of medical devices and explanatory notes (eg: surgeon's name, purchase order number);
- Tracking of usage: per date and time used, washed, decontaminated, reassembled and sterilized.

#### REPORTS

- Complete reports of receptions and returns of the loaned trays.
